ABOUT TAILWYNDZ

Tailwyndz is a startup that meticulously crafts AI solutions to act as the tailwind, propelling growth and profitability for our customers.
With focus on user-centricity and process contextualization, our crafted solutions drive success across diverse industry sectors, charting a trajectory of remarkable progress for enterprises.

Tailwyndz India is a wholly owned subsidiary of Tailwyndz LLC. It provides software engineering, management, and maintenance as well as product design development and management services in India and abroad.

WHY TAILWYNDZ?

In an AI-driven world where innovation reigns supreme, Tailwyndz emerges as a beacon of transformative possibilities. As technology continues to evolve at a rapid pace, we envision a landscape where artificial intelligence serves as the cornerstone of progress, empowering businesses to unlock unprecedented efficiencies, insights, and opportunities. At Tailwyndz, we embrace the boundless potential of AI to revolutionize industries, redefine standards, and propel organizations towards a future marked by unparalleled success.

In our vision of the AI-driven world, every challenge becomes an opportunity for innovation, every obstacle a chance to break new ground. With a relentless commitment to excellence, Tailwyndz harnesses the power of AI to drive tangible outcomes, catalyzing growth, and shaping the trajectory of businesses towards enduring prosperity.

Join us as we embark on a journey to unlock the full potential of AI, forging a path towards a future where possibilities are limitless, and success knows no bounds.

TAILWYNDZ

The annual listing of 20 companies that are at the forefront of providing Cognitive solutions and transforming businesses

WHY TAILWYNDZ?

Frisco, Texas. May 21, 2021.
Tailwyndz, an Artificial Intelligence company, was recently named a top twenty cognitive solution provider for 2020 by enterprise solutions magazine, CIOReview. The publication's annual review chooses the year's top cognitive solution providers that transform businesses using Artificial Intelligence and Machine Learning.
"Our focus is to ensure the adoption of Artificial Intelligence within the enterprise in order to transform the processes." said Kapil Khanduja, CEO, Tailwyndz. "Being recognized as a top cognitive solution provider reinforces the need for better adoption of AI/ML. We enable this with the user being in the center of our solutions and presenting AI/ML in the context of the process."

AI/ML has become an important part of the strategy of every company but yet most companies lag behind in the adoption by end users. Tailwyndz contextual AI approach embeds the AI in the process. Built on their ExpeditAI platform, with open integrations, the AI/ML model outputs can be easily integrated with the Enterprise Systems.
