PROFESSIONAL SUMMARY

Computer Science and Design student with experience in full-stack Java development, REST APIs, and UI/UX design. Built and deployed applications using Spring Boot, MySQL, and React, with hands-on backend exposure through internship and project work. Passionate about building user-centric applications and solving real-world problems.

EDUCATION

Kongu Engineering College

2023 - 2027

Bachelor of Engineering in Computer Science and Design - 9.17/10

Erode, Tamil Nadu

INTERNSHIP

Infosys Springboard

Nov 2025 - Jan 2026

Java Intern

- Gained hands-on experience in building backend applications using Java and Spring Boot fundamentals.
- Worked with MySQL databases for data storage and retrieval.
- Focused on understanding application workflows, backend logic, and debugging techniques.

PROJECTS

Local Service Finder (React.js, Tailwind CSS, Spring Boot, MySQL)

github.com/M-Dharani18/localServiceFinder

- Built REST APIs using Spring Boot and Spring MVC to connect users with nearby service providers.
- Used JDBC and Hibernate ORM for database access and automated schema generation.
- Implemented role-based access control and input validation on API endpoints.

E-Commerce Platform (Java, Spring Boot, React, MySQL)

github.com/M-Dharani18/E-commerce

- Built RESTful APIs for user management, product catalog, shopping cart, following a layered architecture with Spring Data JPA.
- Designed a scalable backend architecture using Spring Boot, Hibernate, and MySQL for efficient data management.

Civic Issue Reporting & Resolution System (React.js, Node.js, Express, MongoDB)

github.com/M-Dharani18/civic-management

- Built 6 role-based dashboards for Citizen, Field Worker, Dept Head, and Admin using React.js and Tailwind CSS with protected routing via React Router.
- Integrated interactive complaint maps and connected REST APIs via Axios with JWT token handling for real-time status tracking.

SKILLS

Languages: C, Java, JavaScript, Python

Web & Frameworks: HTML5, CSS3, React.js, Spring Boot

Database & Development Tools: MySQL, MongoDB, Git, IntelliJ IDEA

Design Tools: Figma, Framer, Illustrator, Webflow

Soft Skills: Communication, Problem Solving, Collaboration, Attention to Detail.

RESPONSIBILITIES

Placement Coordinator — Department of Computer Science and Design

2025 - Present

- Assist in coordinating campus recruitment activities and facilitate communication between the placement cell and department.

Executive Member — Computer Science and Design Coding Club

2025 - Present

- Contribute to organizing coding events and technical workshops to promote programming and problem-solving skills.

ACHIEVEMENTS

- **LeetCode:** Solved over 300 problems to strengthen algorithmic problem-solving skills.
- **Smart India Hackathon (SIH) 2025:** Recognized as a Pre-finalist for engineering a practical, real-world solution.
- **Technical Excellence:** Secured 1st Prize across domains including Competitive Coding, Prompting, and Figma Design Challenge.
- **HackerRank:** Secured 3 Stars in C, SQL, and completed SQL(Basic,Intermediate) certification.
- **Academic Excellence** – Ranked among the Top 5% of students in the department.

CERTIFICATIONS

- Oracle APEX Cloud Developer - May 14, 2025
- Java SE 17 Developer - June 25, 2026
