(An Autonomous Institution, Affiliated to Anna University Chennai)

TRAINING AND PLACEMENT CENTRE

FEEDBACK FORM

MISTRAL SOLUTIONS PRIVATE LIMITED, BENGALURU

NAME	VISHWA R
REG. NO.	2215042
DEPARTMENT	INFORMATION TECHNOLOGY
BATCH	2026
PERSONAL MAIL ID	vishwarajkumar05@gmail.com
CONTACT NUMBER	9626684381
CORE / SOFTWARE	SOFTWARE
ON / OFF CAMPUS	ON
DRIVE DATE	31/07/2025 & 01/08/2025
SALARY	5.5 LPA

TOTAL NUMBER OF ROUNDS – 5

1. ONLINE ASSESSMENT
2. ONLINE CODING ASSESSMENT
3. OFFLINE CODING ROUND
4. GENERAL HR DISCUSSION
5. GROUP DISCUSSION

1. ONLINE ASSESSMENT

Section 1 – Aptitude

Questions: 10

Time Limit: 15 minutes

Questions covering topics such as Boats, Time and Work, Profit and Loss, Calendar, Time, Speed and Distance, Ages, Number Series, and Coding and Decoding.

Section 2 – Technical Questions(45 Minutes)

Questions: 16

Contains negative marking for some questions.

Topics Covered:

- Questions related to pointers, recursion (output prediction), bit swapping, and bitwise operations such as XOR, AND, and OR.
- Programming question: Reverse a string using recursion.
- Majority of the questions focus on output prediction in C programming.

2. ONLINE CODING ASSESSMENT

Level 1: Online Round (6 Questions)

- Output prediction based on (3 Questions):
 - Flowcharts
 - Code snippets
- Programs involving Strings and Arrays (3 Questions):
 - Find the length of a string without using built-in functions.
 - Reverse a number and print the sum of all its digits.
 - Convert a decimal number to binary and count the number of 1's and 0's in the binary representation.

3. OFFLINE CODING ROUND

Level 1: Pen and Paper Round

- **Question 1:**
Validate whether the given string meets password criteria:
 - At least one uppercase letter.
 - At least one lowercase letter.
 - At least one digit.
 - At least one special character.
 - Does not contain consecutive identical characters.Output whether each condition is satisfied or not , if not print which conditions are failing.
- **Question 2:**
Read a file and count the number of consecutive words that contain the characters 'e' and 'd'.

Level 2: Compiler Round

Question 1:

Write a C program to analyze a source tree (directory) . The analysis results shall include the below statistics about the source tree

- Number of Directories
- Number of Files
- Types of Files and their count (eg : C , C++ , Java)

4. GENERAL HR DISCUSSION (20 minutes)

- Tell about yourself
- Tell about your family
- What is your native?
- What do you know about Mistral?
- Do you have plans for higher studies?
- Work location details

5. GROUP DISCUSSION

Topic: In the event of a war between India and Pakistan, is using Indian-made weapons an advantage, or should we rely on weapons from other countries?

The important topics asked in the coding round include file handling, directory traversals, bitwise operators, pointers, arrays, and strings.

6. PREPARATION

- SkillRack's daily challenges and daily tests helped me enhance my logical thinking abilities.
- I used IndiaBix and PrepInsta as platforms to practice aptitude questions.
- On LeetCode, I focused on solving problems by specific patterns to build my coding skills.
